Part 2 MEDICAL ASSESSMENT (to be completed by treating doctor)

Please refer to national medical standards (Commercial and Private Vehicle Drivers) *Assessing Fitness to Drive 2012* (AFTD) available at the Austroads website www.austroads.com.au. If you are uncertain of the impact of any medical condition on the person's ability to drive safely, the person should be referred to a specialist, physiotherapist or occupational therapist for an assessment. **Note:** Do not complete this Medical Assessment until you have received any necessary reports from the person's treating specialist, physiotherapist, occupational therapist, optometrist or ophthalmologist. The responsibility for issuing, renewing, suspending or cancelling a person's licence (including a conditional licence) lies ultimately with the Department of Transport and Main Roads. Licensing decisions are based on a full consideration of relevant factors relating to health and driving performance. For further information about this form, refer to Part 4 of this form or call the department on 13 23 80.

Part 4 MEDICAL ASSESSMENT INFORMATION

This information has been prepared as a guide for you and your treating doctor when a medical assessment is required to determine whether or not you meet the medical standards for the class of driver licence being applied for, renewed or currently held. These standards are set out in the national medical standards (Commercial and Private Vehicle Drivers) Assessing Fitness to Drive 2012 (AFTD).

The department provides the following medical assessment forms—

Private and Commercial Vehicle Driver's Health Assessment (form F3195)

This form has been provided to assist your treating doctor to determine whether you meet the medical standards for a conditional or unconditional driver licence. The form will assist your treating doctor when completing the *Medical Certificate for Motor Vehicle Driver* (form F3712). The completed form F3195 will be retained by your treating doctor.

• Medical Certificate for Motor Vehicle Driver (form F3712)

- Part 1 of this form must be completed by you and taken to the appointment with your treating doctor.
- Part 2 of this form has been provided so that your treating doctor may declare whether or not you meet the medical standards for a conditional or unconditional driver licence for the class of licence being applied for, renewed, or currently held.
- Part 3 has been developed to be completed by a treating optometrist or ophthalmologist if your treating doctor has requested an assessment of your vision standards.

Important note:

After assessing your fitness to drive, your treating doctor may complete a *Medical Certificate for Motor Vehicle Driver* (form F3712). This form must be given to the department promptly if you are applying for the grant or renewal of a driver licence. If you currently hold a driver licence this form must be given to the department promptly if the assessment recommends:

- a change to the class or conditions stated on the driver licence
- the addition of an M condition
- the removal of an M condition

The department may contact your treating doctor as soon as the department receives this form.

Steps to getting a completed medical certificate

- Make an appointment with your treating doctor to discuss how your
 medical condition/s and/or medication may affect your ability to
 drive safely. When making an appointment, you should tell your
 treating doctor why you are making the appointment because this
 kind of medical assessment may take longer than a standard
 consultation.
- Tell your treating doctor if you are, or intend to be, a commercial vehicle driver. You must complete the Health Questionnaire on page 1 of the *Private and Commercial Vehicle Driver's Health Assessment* (form F3195) and give the form to your treating doctor before your medical assessment. Your treating doctor should complete page 2 and retain this completed form for their record purposes.
- Complete Part 1 of the Medical Certificate for Motor Vehicle Driver (form F3712) and take it with you to the appointment with your treating doctor.
- If the medical assessment has been requested for a particular reason, you should let your treating doctor know this reason.
- If you need to wear glasses or contact lenses when driving, please take them to the assessment.

- Your treating doctor may refer you to a specialist if unable to form an opinion on a particular medical condition. If your treating doctor has referred you to an optometrist or ophthalmologist, Part 3 of the *Medical Certificate for Motor Vehicle Driver* (form F3712) should be completed by your treating optometrist or ophthalmologist.
- Any report obtained from your specialist, physiotherapist, occupational therapist, optometrist or ophthalmologist must be given to your treating doctor before they complete Part 2 of the Medical Certificate for Motor Vehicle Driver (form F3712).
- Your treating doctor should indicate on the form whether or not, in their professional opinion, you meet the medical standards for a conditional or unconditional driver licence.
- The department will consider the opinion of your treating doctor and then decide whether or not you are eligible for the grant, renewal or the upgrade of a class of licence.

If the decision is to grant a conditional licence, downgrade your class of licence or cancel your licence on the basis of this medical assessment, you may ask for a reconsideration of this decision. You may also appeal to the Queensland Civil and Administrative Tribunal (QCAT) against this decision.

You may reapply for the grant of a licence or an upgrade of your class of licence, when you meet the medical standard for that licence or class of licence.

Please note:

- Parts 1 and 2 must be completed in full or this form will not be accepted by the department.
- The applicant for, or the holder of, a Queensland driver licence is responsible for payment of the medical assessment and any associated costs.
- The department has a legal responsibility to ensure that the applicant
 for, or the holder of, a Queensland driver licence does not have a
 mental or physical incapacity (a *medical condition*) that is likely to
 adversely affect their ability to drive safely.
- The department is authorised by law to require the applicant or holder to give medical evidence whether or not they meet the medical criteria for a conditional or unconditional driver licence for the class of licence being applied for, renewed or currently held.
- The holder of a Queensland driver licence is also required by law to tell the department if, after the grant or renewal of their driver licence, they become aware that—
 - they have a permanent or long term medical condition that is likely to adversely affect their ability to drive safely; or
 - there is a permanent or long term increase in, or other aggravation of, a medical condition about which they have already told the department.
